

**An Energy Efficiency Workshop & Exposition**

Palm Springs, California

## ***PARTNERSHIP CASE STUDIES***

### **US POSTAL SERVICE (USPS)**

#### **Resource Efficiency Manager**

Phyllis White, REM

## ***INTRODUCTION***

### **□ USPS Southeast Area (SEA)**

- Tennessee
- Georgia
- Alabama
- Mississippi
- Florida

- 9 districts
- 3800 Facilities
- \$50,000,000 annual energy costs

## ***Resource Efficiency Manager Program***

---

- SEA Energy Steering Committee
  - Determined need for energy program
  - Determined need for REM at District level
  - Central Florida District chosen for Pilot
    - \$5.4 million annual energy costs
  - Applied for Pilot Grant from DOE/FEMP
  - Modeled REM after the proven Washington State University/ FEMP program

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***Resource Efficiency Manager Program***

---

- REM - Resource Efficiency Manager
  - Dedicated full-time to efficient use and conservation of our natural resources
  - Program needs to be self-funding and self-sustaining or it will be axed
  - Typical savings generated by an REM program is 5% of total annual energy costs
    - 5% of 5 million = \$250,000

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## *Resource Efficiency Manager Program*

---

### ➤ Costs

- REM Salary and Benefits \$ 70,000
  - REM Expenses \$ 10,000
  - Contractor support \$ 20,000
  - Project Implementation Budget \$ 100,000
- Total Program Cost: \$200,000
  - First year savings: \$250,000
  - Estimated second year savings: \$400,000

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## *Group of Facilities for REM Pilot*

---

- USPS Central Florida District
    - 212 Facilities
    - 3,401,675 square feet
    - \$ 5,423,864 FY-2001 energy costs
    - Average ECI is \$1.59 per square foot
      - Most efficient facilities are less than \$1.00 per square foot
- 
- ~~\$ 1.6 million in savings~~  
opportunities

June 2-5, 2002

## ***PARTNERSHIPS ESTABLISHED***

### **Fed & State**

U.S. DOE  
FEMP  
Washington State  
University  
Florida Energy  
Office

### **Private**

Advantek  
Harding-ESE  
PML  
ProAction Systems  
17 Serving Utility  
Companies

### **In-House**

Admin Service  
Maintenance  
Accounting  
Info Tech  
Postmaster  
Station Managers

FLORIDA ENERGY OFFICE  
DEPARTMENT OF COMMUNITY AFFAIRS

AdvanTek  
Consulting Engineering

Harding ESE  
A MACTEC COMPANY

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PARTNERSHIP IMPORTANCE***

- Partnerships are key to success
  - Critical need for assistance & cooperation
- Establish partnership with all **Utility Companies** that service your area
  - Utility Information and Rebates
  - Historical Data in Electronic Format
  - Alternative Rate Structures

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PARTNERSHIPS***

---

- DOE - ***Federal Energy Management Program*** (FEMP) and the ***Florida Energy Office (FEO)***
  - Grant funding and support of Pilot Program
- ***Harding-ESE & Advantek Consulting***
  - Perform comprehensive energy surveys
  - Research new technology for use by REM
  - Technical review and backstopping
  - Grant administration

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PARTNERSHIPS with ...***

---

- ... ***TECO Solutions (Utility ESCO)***
  - Shared Energy Savings Program
- ... ***Postmasters & Managers in District***
  - Did walk through at their facilities
  - Advised them on ways to conserve
  - Ranking reports
    - Encourage Competition for Most Savings
    - Tracking of decrease/increase in energy use

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PARTNERSHIPS with ...***

---

- ... Accounting Personnel
  - Have ready access to all bills for all Districts
  - Copies of utility statements are for analysis
  - Helped to solve discrepancies and over charges found on the monthly statements
- ... In House Maintenance
  - Use of their knowledge & manpower to implement projects

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PARTNERSHIPS with ...***

---

- ... Administrative Services Specialists
  - This office handles new construction and repair & alteration projects
  - They maintain records on facilities
  - In-depth knowledge of facility conditions
  - Existing and Planned Projects

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PARTNERSHIPS with ...***

---

- ... Information Technology
  - Software compatibility with USPS systems
  - Provided hardware for REM programs
  - Established Internet connections for communicating thermostats and meters
  - Ensured new software worked properly

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PROGRAMS IMPLEMENTED***

---

- Awareness & Training
  - “*You Have the Power*” “*Stamp Out Energy Waste*”
  - ***Energy Star***
- New Technology
  - Internet Communicating Thermostats
  - PML Real-time Energy Monitors
- Equipment Upgrades
  - LED Lamps
  - Programmable Thermostats

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## Awareness & Training

- **Energy Star Computers**
  - \$15,000 per year savings
- **Preventative Maintenance**
- **"You Have the Power" posters**
- **Energy Conservation Measures**

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## New Technology

- **Internet communicating thermostats**
  - ProAction Systems software and hardware
  - Five facilities, cost per facility average \$2,000
  - Remote access to thermostats via internet
  - Savings - \$5,800 ~ \$8,400 per year
  - Installed by in-house technicians
  - Payback period: 1.5 to 2 years

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

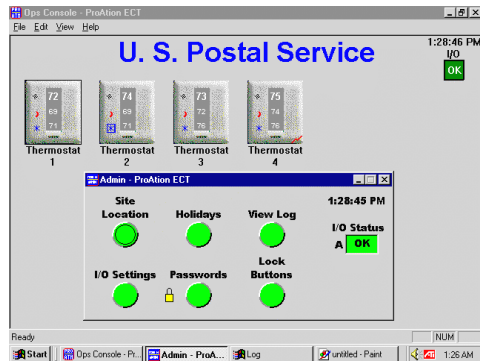

## New Technology

### Internet Communicats Thermostats

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## New Technology

### Utility Meter Monitoring

#### Power Measurement Monitors

##### 3 Facilities - 5 Monitors

- Mid-Florida Processing & Distribution Center
  - 340,000 square feet, \$416,000 energy
- Orlando Processing & Distribution Center
  - 360,800 square feet, \$490,000 energy
- Kissimmee Main Post Office
  - 28,000 square feet, \$61,800 energy

##### Savings - \$40,000 per year

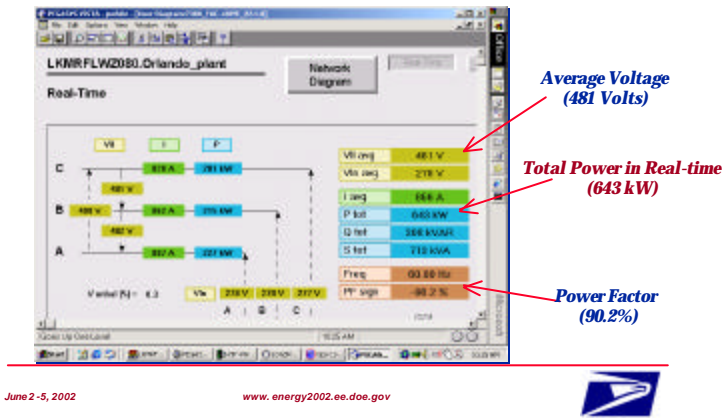

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## New Technology - PML Monitors

## New Technology - PML Monitors

- Used outside contractors for installation
- Commissioning & training on equipment by Power Measurement Limited engineer.
- Budget constraints a factor in completing the project.
- Enable us to view usage on a real-time basis and identify savings opportunities

June 2 - 5, 2002

www.energy2002.ee.doe.gov

## ***Equipment Upgrades***

- Installation of LED dock lights
  - 70-Watt flood lamps vs 1-Watt LED lamps
  - 5 year warranty on LED lamps
  - Large reduction in labor costs
  - Savings - \$9,340 per year
- Programmable thermostats
  - Expected savings - \$34,000 per year

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***OBSTACLES ENCOUNTERED***

- In-house maintenance versus outside contractors
  - Ensure that your in-house crew has the **manpower** & the **expertise** to do the job at hand & in timely manner
  - Know where your project will fall on their priority list

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***PROBLEMS ENCOUNTERED***

---

- Information Technology
  - Coordinating with all in-house departments
  - Ensuring software will be allowed by IT
- Provide for Unexpected Expenditures
  - Costs for extra equipment
  - Costs for training

---

June 2-5, 2002

[www.energy2002.ee.doe.gov](http://www.energy2002.ee.doe.gov)

## ***ACCOMPLISHMENTS***

---

- Installation of New Technology
- Savings Achieved
  - Reduction in kWh usage by 6%
  - First year savings of \$260,000
- Raised awareness of the importance of resource efficiency & conservation
  - Good for Business
  - Good for the Environment

---

June 2-5, 2002
